## Eco Moyo Education Centre

### Note 1 Regnskapsprinsipper

The annual accounts have been prepared in accordance with the Accounting Act and Norwegian Accounting Standards (NRS) - Good accounting practice for non-profit organisations. Activity-based accounting has been applied.

Gifts are recognised as income when received. Gifts, where the donor has placed restrictions on use, are included in "Funds subject to external restrictions" if the gift is not used for the donor's purposes.

Short-term liabilities normally include items that fall due for payment within one year after the balance sheet date.

Receivables are entered in the balance sheet at face value after deduction of provisions for expected losses. Provision for loss is made on the basis of assessments of each debtor balance individually.

Transfers to the Eco Moyo Center in Kenya are expensed at the time of transfer.

#### Tax

Eco Moyo Education Center is a non-profit organisation that is exempt from tax according to the Tax Act § 2-32.
